What was really great about working with Junior Gathering this year? What fed your spirit in Junior Gathering?

Was anything particularly frustrating or challenging in Junior Gathering this year?

What would you suggest to the Junior Gathering coordinator, JG co-clerks, or 2019 JG committee for next year in Grinnell?

Tell us a positive story or experience about the work you did this week:

Did you get the information you needed when you needed it? What else could we have told you? We only sent Junior Gathering information by email this year. How did that work for you?

Do you have ideas of things we could do to encourage more families to attend?

What would make coming to the Gathering more attractive for a family?

The number of Junior Gathering participants seems to be getting smaller. Do you have suggestions for how we organize the groups? How can we provide a quality program with fewer workgrant positions?

If you could change one thing (or two or three) about Junior Gathering that would make it even better, what would it be?
