It's been a long, cold winter here in Philadelphia. Just outside our office, snow is still falling. But nevertheless, every day we see a new sign of spring. Just like the bulbs that have worked quietly all winter to break out into bloom now that spring is in the air, we are seeing a flowering of ideas, projects, and ministries here at FGC.

Earlier this month, 65 Friends from across the branches of Quakerism gathered at Pendle Hill to talk about a common call: the need for spiritual deepening and religious education in our meetings and across the Religious Society of Friends. [More about the consultation below and at our website.](#)

A Call Deeper - News from the FGC Consultation on Spiritual Deepening

FRIENDS GENERAL CONFERENCE
**Consultation
 on Spiritual
 Deepening**
 March 6-9, 2014

In early March 2014, FGC brought together 65 Friends "to help make the full depth, joy, and fire of Quaker faith and practice highly available, teachable, and experiential for all those who are or will become part of our faith communities."

This special consultation was organized by FGC in response to what many Friends see as a pivotal time in the Religious Society of Friends. Its goal was to discover seeds of ministry in the areas of religious education,

spiritual deepening, and spiritual formation in order to move toward the vision expressed above.

The group, made up of Friends from across the US, Canada and from Great Britain, came from 23 Yearly Meetings and a host of Quaker organizations.
