

## Support your Meeting's Outreach and Community-Building with the Quaker Cloud from FGC

Engage your meeting members, attenders, and visitors with the Quaker Cloud web toolkit:

- Create a personalized website with 19 multi-color themes to choose from
- Show your meeting location with an embedded Google map
- Add contact information such as email address, phone number, and social media links
- Display your Meeting Calendar on your meeting's homepage or on its own Events page
- Organize your most current posts in "What's New" section
- Highlight the posts you want visitors to see first in the optional "Featured" section
- Select privacy options for each post created
- Help your meeting stay organized through Committee pages
- Easily upload documents, organize them into Resources or Minutes, and set visibility to private or public

### Administrator Tools

- Email all or some of your members from your Quaker Cloud site
- Easily update all members' personal information
- Add or remove members easily
- Grant or remove permissions for other members as roles change within your meeting
- View, search, and print a member directory

*Your Quaker Cloud site is protected with reCaptcha as well as regular security patches and updates.*

Enjoy dedicated Cloud Admin support when you need it most:

- Reset your password, make features requests, or get help updating your website
- Reach out directly by phone or email
- Participate in open discussions in the Google+ Community and on the Quaker Cloud Admin page, both managed by the support team

Visit **[FGCquaker.org/quakercloud](http://FGCquaker.org/quakercloud)** to sign up today!

*The Quaker Cloud is powered by Friends General Conference, an association serving Friends, Quaker Yearly and Monthly Meetings, and spiritual seekers in the United States and Canada.*
